Roll number 1 to 8

1. Task Management System

- **Features**: Task creation, assignment, progress tracking, deadline reminders, and reporting.
- **Extensions**: Implement collaboration features, priority setting, and integration with calendar apps.

2. Expense Tracker

- **Features**: Income and expense logging, categorization, budget creation, and financial reports.
- **Extensions**: Include features like receipt scanning, predictive analytics for spending, and multi-currency support.

- **Roll number 9 to 16**

3. Voting Management System

- **Features**: Voter registration, candidate management, secure voting, and result tallying.
- **Extensions**: Implement online voting, voter verification, and real-time result updates.

4. Learning Resource Management System

- **Features**: Resource catalog, user registration, borrowing and returning, and overdue notifications.
- **Extensions**: Include digital resources, user reviews, and resource recommendations.

- **Roll number 17 to 24**

5. School Attendance System

- **Features**: Student registration, attendance tracking, reporting, and notification to parents.
- **Extensions**: Implement biometric attendance, remote attendance tracking, and integration with academic records.

6. Project Management System

- **Features**: Project creation, task assignment, progress tracking, team collaboration, and reporting.
- **Extensions**: Include Gantt charts, milestone tracking, and resource allocation.

- **Roll number 25 to 32**

7. Patient Appointment System

- **Features**: Patient registration, appointment scheduling, doctor availability, and notification.
- **Extensions**: Include online appointment booking, tele-health integration, and patient history tracking.

8. Fleet Tracking System

- **Features**: Vehicle tracking, route management, driver assignment, and maintenance scheduling.
- **Extensions**: Implement real-time GPS tracking, fuel usage monitoring, and automated reporting.

- **Roll number 33 to 40**

9. Visitor Management System

- **Features**: Visitor registration, check-in/check-out tracking, badge printing, and notification to hosts.
- **Extensions**: Include pre-registration, security checks, and integration with building access control.

10. Hotel Management System

- **Features**: Room booking, guest registration, billing, check-in/check-out, and service requests.
- **Extensions**: Implement online booking, customer feedback, and loyalty program management.

- **Roll number 41 to 48**

11. Warehouse Management System

- **Features**: Inventory tracking, order processing, stock replenishment, and reporting.
- **Extensions**: Include barcode scanning, real-time inventory updates, and integration with e-commerce platforms.

12. Donation Tracker

- **Features**: Donor registration, donation logging, fund allocation, and receipt generation.
- **Extensions**: Implement donation campaigns, automated thank-you emails, and impact reporting.

- **Roll number 49 to 56**

13. Job Portal System

- **Features**: Job posting, job seeker registration, resume submission, application tracking, and employer dashboard.
- **Extensions**: Include resume parsing, job matching algorithms, and interview scheduling.

14. Ride Sharing System

- **Features**: Ride request, driver assignment, fare calculation, and payment processing.
- **Extensions**: Implement real-time GPS tracking, ride rating, and carpooling options.

- **Roll number 57 to 64**

15. Conference Management System

- **Features**: Event creation, participant registration, session scheduling, and ticketing.
- **Extensions**: Include speaker management, real-time updates, and integration with virtual conferencing tools.

16. Event Ticketing System

- **Features**: Event listing, ticket booking, seat selection, and payment processing.
- **Extensions**: Implement e-tickets, real-time availability updates, and customer notifications.

- **Roll number 65 to 72**

17. Apartment Management System

- **Features**: Tenant registration, rent payment tracking, maintenance request management, and communication tools.
- **Extensions**: Include online payment options, community announcements, and amenity booking.

18. Complaint Management System

- **Features**: Complaint registration, tracking, resolution status, and feedback.
- **Extensions**: Implement automated complaint assignment, escalation process, and analytics.

- **Roll number 73 to 80**

19. Survey Management System

- **Features**: Survey creation, distribution, response collection, and result analysis.
- **Extensions**: Include anonymous responses, survey templates, and real-time result updates.

20. Retail Management System

- **Features**: Product catalog, sales processing, customer management, and inventory tracking.
- **Extensions**: Implement point-of-sale integration, customer loyalty programs, and sales analytics.
